**Kick-Off Meeting with the APCD, State Parks and County on the MOA
Implementation for the Particulate Matter Reduction Plan**

San Luis Obispo City/County Library Community Room
995 Palm Street, San Luis Obispo

September 8, 2010
9:00 am – 12:00 pm

The public is invited to observe the kick-off meeting for the implementation of the Memorandum of Agreement (MOA) between the Air Pollution Control District, State Parks and the County. The MOA requires the three agencies to work together to develop and implement a Particulate Matter Reduction Plan to reduce emissions and impacts from the Oceano Dunes State Vehicular Recreation Area. This will be a joint meeting between the two appointed committees responsible for developing the Plan. The kick-off meeting will address the responsibilities and timelines for the committees, the process for selecting a technical mitigation expert, pilot project implementation, and future meeting schedules.

Each participating agency has three representatives assigned to the Management Oversight Committee (MOC) and two representatives assigned to the Technical Advisory Committee (TAC):

- **Management Oversight Committee:** APCD (Larry Allen, Aeron Arlin Genet, Ray Biering); State Parks (Phil Jenkins, Andy Zilke, Tim La Franchi); SLO County (Penny Borenstein, Vince Morici, Mike Winn).
- **Technical Advisory Committee:** APCD (Gary Willey and Joel Craig); State Parks (Tom Reid and Will Harris); SLO County (Bruce Gibson and Matt Janssen).

On Tuesday, September 7, the agenda for this meeting will be posted on the APCD's website (www.slocleanair.org) and posted at the SLO County Government Center and City/County Library. The meeting minutes will be available for review on the APCD website within ten days following the meeting.
